## Informed Consent for Case Consultation

*Jennifer Taylor Play Therapy Services, LLC is a private practice that facilitates play therapy supervision and case consultation for therapists around the world.*

*During Play Therapy Masterminds case consultation calls, therapists have an opportunity to obtain professional consultation and clinical direction.*

*The primary purpose of these case consultations is to provide you access to clinical review and feedback from a group of well-trained professionals. Your therapist will present sufficient information to allow clinicians in the Play Therapy Masterminds Group to understand your circumstances and will then ask the group a specific consultation question.*

*Those present during the consultation will provide your therapist feedback, which will then be passed along to you and your family for consideration. All members of the Play Therapy Masterminds Group have signed strict non-disclosure and confidentiality agreements.*

I \_\_\_\_\_ give consent to \_\_\_\_\_  
to discuss my family situation and to share video clips of our family sessions when appropriate.

*No taping will occur without your prior written consent and videotapes will be destroyed after the consultation.*

*Confidentiality will be honored at all times by members of the Play Therapy Masterminds Group, and information shared during consultation sessions will be treated with the utmost respect.*

*I understand that I have the right to revoke this authorization at any time. I also understand that my provider will provide me with feedback regarding the group's discussion or specific recommendations when such are generated. Client or Parent*
